To all our friends in Hameln

Dear all,

Greetings from each member of the group that visited Hameln last week.

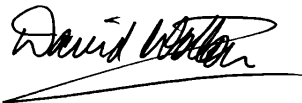

We would like to especially thank our hosts for their hospitality and friendship. Our visit will long be remembered as one of the best. It was good to renew old friendships and to have made new ones too which we are sure will be lasting. We are sure that every member of our group enjoyed themselves greatly and will be talking about their visit to Hameln and the friendships made for a very long time. It was good too that there were many new partners travelling with us too and we hope that we can build on this for the future.

A special thank you to Gerd Schott and 'his team' for overseeing all the arrangements.

We very much look forward to welcoming you to Paignton in 2010.

With very best wishes to you all.

Yours sincerely,

A handwritten signature in black ink, appearing to read 'David Wotton', with a long horizontal line underneath it.
